WORK PLAN

The touchscreen device allows the operator to **scroll through the tasks list**, which is constantly updated in real time. Particularly urgent **work orders** can be highlighted.

PIN NUMBER

To **identify the operator** who is performing a task at any time.

MANAGEMENT

With just a click the operator can **accept the work task**, displaying all the details and specifying, if necessary, **which fluid** will be used and the **preset quantity**. On completion, each work task is closed and recorded.
